1. OVERVIEW

As listed in the '*Equality Act (2010)*' it is a requirement for all schools to have an accessibility plan. SHARE MAT has produced an '*Accessibility Policy*' following the guidance set out by the Department for Education, The Health and Safety Executive, The Advisory Committee for Safety and Health at work (ACSH) and all other advisory boards and committees.

SHARE MAT employs a Compliance Officer to oversee Health and Safety and Risk across each of the schools within the trust whilst ensuring that all schools across the trust are as accessible as possible. The Compliance Officer's contact details can be found in the 'contact' section of this policy.

This policy applies to all those working in any of the schools within the Multi-Academy Trust including contractors and third-parties.

2. AIMS

SHARE MAT aims to achieve:

- An increase in the extent to which disabled students or students with needs can participate in the curriculum
- An improvement to the physical environment of the school to enable disabled students or students with needs to take better advantage of education, benefits, facilities and services provided
- An improvement to the availability of accessible information to disabled students and students with needs

SHARE MAT aims to treat all its students fairly and with respect. This involves providing access and opportunities for all students without discrimination of any kind. All schools across the MAT will ensure that the '*Accessibility Policy*' is made available online on each school's website, accessible internally across each school and paper copies are available upon request. For further information regarding this policy please contact the Compliance Officer.

SHARE MAT is also committed to ensuring staff are trained in equality issues with reference to the *Equality Act (2010)*, including understanding disability issues. SHARE MAT supports any available partnerships to develop and implement such plans.

SHARE MAT's '*Complaints Policy*' covers the '*Accessibility Policy*'. If you have any concerns relating to accessibility in school, please refer to the '*Complaints Policy*' for further guidance or refer to the 'contact' section of this policy.
